Friday 30 th August	Daffodil Day
Monday 2 nd September	Year 7 and 8 Technology
Friday 9 th September	Assembly 2pm hosted by Huia Room

FROM THE PRINCIPAL

Tēnā koutou

It has been a chilly start to Term 3. Remind your students to bring a jacket and hat as we do encourage them to get out for fresh air when it's not raining.

Nathan Wallis - Neuroscience Educator

Last night Mrs Bond, Mr Gardner, Ms O'Donnell and I attended a seminar on Child Brain Development presented by Nathan Wallis. It was enlightening to hear about the four parts of the human brain and how each develop and interact with each other. Probably the most important message I took from this was that we are each different, and react to situations in different ways. There isn't a right or wrong, but an education for others on how to respond to people's needs. We each came away with some key thinking which we can apply to our classrooms.

Class Assemblies

We are trying something different this term to hopefully provide a more authentic reason to present a quality assembly, this also provides another opportunity to share learning. There will only be three class assemblies this term, one for each class. These have been put into the School Calendar and you will be receiving invitations from your children who are presenting. We look forward to seeing many of you on these afternoons.

Gmail Accounts & Internet use

Just a reminder that student individual gmail accounts have been established for educational purposes. Digital Citizenship and Cyber Safety are an important aspect of our curriculum in this day and age. Our students are aware that I (as the administrator) have access to their accounts but have no intention of checking them unless they give me a reason to.

Parent/Teacher Interviews

A fantastic response to these interviews last term. Thank you to all for taking the time to share this aspect of your children's learning.

An exciting term ahead, so keep a note of the important dates and which events are relevant for your child/ren.

Finally, well done to our staff team that took out the Tararua College Quiz night earlier in the term! You rock!

Ngā mihi nui, Claire

Principal Award for Week 2

Damien Neioti

Value Certificates for Motivation

Lachlan Moody, Kiera McKenzie,
Makayla Mitchell

Tui Room invited Huia to come and provide feedback and feedforward on their letter writing.

Cheeky Tui Boys

Pumpkin Soup for lunch this Friday

\$2 for a cup of soup and bread

The soup will be prepared by our Student Council using a pumpkin grown here at school.

FROM THE CLASSROOM

Tui Class

We have been learning about writing letters through reading *The Day the Crayons Quit* by Drew Daywalt. In the book Black Crayon is unhappy because he doesn't get used for much. We wrote letters to Black Crayon...

Dear Black Crayon

I am called Sid. I want to tell you that you can colour a lot of black things. You can colour in a black car. You can colour in a black sheep.

From Sid

Dear Black Crayon

I'm Kitana. I'm writing to tell you that you don't have to be sad. You can colour pandas and penguins and black yo-yos.

From Kitana

Dear Black Crayon

My name is Tova and I'm writing because I heard your story. There are a lot of things that are black like clothing that is made of black wool and a fluffy black sheep. Finally a little black puppy that is very cute and small.

From Tova Foreman

Dear Black Crayon

My name is Hadley. I am writing because there are lots of things that you can colour. All Blacks tops and tractors and cars.

From Hadley

Tui Class wrote letters to ASCA to ask for some new equipment for the sandpit. The letters must have been very convincing because ASCA have kindly provided a great selection of new items. Tui Class is extremely grateful for this and will undoubtedly put the new equipment to good use! Thank you very much ASCA.

Amazing Sentences from Huia Room

Her scaly green skin rides across mine as the red liquid dribbles off her fossil-like teeth. *Roree*

The train drove past Paradise palms, through the handle of the giant latte cup. *Kingston*

The ferocious waves roared up and then down to meet the rocky riverbed. The once canyon was now filled with rushing seawater. *Jada*

Kiwi Room

Winter

My favourite season is winter. In winter it gets cold so you light the fire. In winter it sometimes snows so you can play in it. Winter gets very frosty and the grass turns white so your feet get very cold. I like winter because it is rugby season. Winter is fun because my birthday is in winter.

Mac

Winter is my favourite season. In winter days get shorter and plants grow slow. Deciduous trees have lost their leaves. I can ride my motorbike in the mud. I can go do good hunting. I like doing scanning with Dad and going on the farm too.

Gus

The house was dark and gloomy. The windows were cracked. There was moss and grass growing out of the cracks in the house. The mailbox was cracked and covered with moss. Half of the chimney had fallen off and the path was covered with grass. The roof was covered with grass and moss. There was grass growing out of the gutter. The bedroom had creepy dolls. When you walked in the doll turned their heads and said "I can see you". The lounge had scratches all over the furniture from mice, wild cats and rats and the wind howled like wolves.

Taylor

Summer

My favourite season is summer. It is getting hotter and hotter , days are longer, sunset lasts for longer, rain goes away and grass gets dry.

It is time to go swimming all day with friends and family. We can go camping for weeks to relax and play, bike up to the beach then go diving for paua and other things. At the end of the day go for a walk to watch the sun set.

Three Wishes

If you had three wishes what would it be?

My first wish would be to be able to fly. At play time I would pick up my friends and go flying everywhere .I would do tricks going up, down and turning round. Also when Mum gets angry at me I'll just fly away.

My second wish would be to be rich having 10 billion dollars and whenever I buy something it goes straight back to 10 billion dollars. I would have a mansion and have loads of fancy things.

My last wish would be to be the smartest person in the world. I would know how to do every single thing in the world.

Simone

Farming

On Saturday morning at six o'clock it was docking. Dad and I got the dogs. We got to the paddock, Dad gave the dogs their commands. The huntaway started barking and the sheep started baaing. All of the dogs were panting. We finally got down through the paddock into the yard. The sun just started coming up and it looked cool. The crew got to the yards. Dad drafted some of the lambs off. We started to dock. Dad was doing the tails, Mum was doing their ears and Kit was helping with the lambs. I did lifting the lambs in the crate. We were on the last lot. The fence broke and the lambs ran to their Mums. We were all disappointed so Dad told me to let them out. We were done. We tidied up and went to another mob.

Harry

SPORTS RESULTS

Netball

Eke vs Pah won 13-3. Aria Player of the Day

Eketahuna Sewing Classes Term 3

- Have you always wanted to learn to sew using a machine?
- Maybe you have a machine and don't know how to use it.
- This maybe the course for you to learn the very basics of sewing.
- Gain your machine sewing licence, then go on to complete useful items to use around your home or give away as a gift.
- Learn to know how to mend clothes, cut out a pattern and sew it, recycle old clothes into something new or maybe something else, ask tutor Mel.
- Mel will also give you tips about finding and using patterns online and sourcing fabric of reasonable pricing and quality.

If you have a sewing machine/overlocker that you can bring along that would be helpful, but we have sewing machines available- let Mel know when you enrol.

Day:	Wednesday
Date:	31 July - 18 Sept (8 weeks)
Class Times:	6pm - 9pm
Venue:	Eketahuna Health Centre, 1 Bengston St,
Cost per Term:	\$30 standard \$10 CSC (Community Services Card holder)
Tutor:	Mel Dennison
To enrol:	Contact Mel on 027 634 5793

Spaces are limited to 5, payment prior to course starting confirms enrolment and place.

Course No. #06969
